CO instructions for sizes 48 (60, 72) ONLY. See the other PDF for sizes 54 (66, 78).

E ~ \ ' V9 QW

YARN

Fingering weight approx: 400 yards {365 m}
Yardage varies widely depending on the length of your foot and the CO, but 1 skein of at least 400 yds should be plenty for a pair of socks (more than enough for a pair of shorties) for most foot sizes.

Sample uses: [Six and Seven Fibers](#) Amaranth base (100% Non-SW Merino, 436 yds/100 g) in the colorway 'Plumage'.

NEEDLES

US 1.5 {2.5 mm} 32 - 40" {80 - 100 cm} circular needles **HV** a set of [Neko Bamboo Flex DPN's](#).
Or size needed to match your preferred gauge.

OTHER MATERIALS

Yarn Needle, Stitch Marker

1 ~ _ 1'

Leg stitch pattern worked in the round & blocked.
 Works with multiple gauges: 28, 32 & 36 sts per 4" {10 cm} with a round gauge close to 44 rounds per 4" {10 cm}.
 >> Sample got a 28 sts/44 rounds gauge and made the 54 size cast on.
 >> I found my stitch pattern gauge was not that far off from my stockinette gauge, maybe 1-2 sts less within a 4" {10 cm} swatch.

Use your gauge and the table on page 2 to choose the number of stitches to cast on for your size.

Find your gauge (28, 32, or 36 sts) in the far left column.

Follow the row of your gauge and pick the finished foot circumference you want.
 See the sizing guide at the bottom of this page if you don't know which size you need.
 I recommend choosing a size with 1-2" {2.5-5 cm} of negative ease.

Use the cast on number at the top of that column to knit your socks.

General size standards from the [Craft Yarn Council](#) based off of US shoe sizes.

These are just general guides, if you are making the socks for yourself you may want to measure the circumference, and try the sock on as you go for a better length fit. Remember you want about 1-2" {2.5-5 cm} of negative ease for the circumference.

WOMEN:

- > US 4 - 6 ½ = 7" circumference, 8 - 9" (20.25 - 23 cm) total foot length
- > US 7 - 9 ½ = 8" circumference, 9.25 - 10" (23.5 - 25.5 cm) total foot length
- > US 10 - 12 ½ = 9" circumference, 10.25 - 11" (26 - 28 cm) total foot length

MEN:

- > US 6 - 8 ½ = 8" circumference , 9.25 - 10" (23.5 - 25.5 cm) total foot length
- > US 9 - 11 ½ = 9" circumference, 10.25 - 11" (26 - 28 cm) total foot length
- > US 12 - 14 = 10" circumference, 11.25 - 12" (28.5 - 30.5 cm) total foot length

HEEL TURN

You will now work short rows on N1 to shape the heel.

V1D f **VW** SL1KW wyib, K15 (19, 23) sts,
K2TOG tbl, turn

V1D **g W** SL1PW wyif, P8 (10, 12) sts, P2TOG,

V1D **VW** SL1PW wyib, Knit to 1 stitch before
the gap, K2TOG tbl, turn

V1D **g W** SL1PW wyif, Purl to 1 stitch before
the gap, P2TOG, turn

V1Atp rows 3 & 4 until all stitches have been
worked. At the end you should be ready to start
a RS row for the next section and you should
now have 10 (12, 14) sts on N1.

GUSSET

*You are no longer going to be working back and
forth, but in the round again. You have to pick up
stitches along the sides of the heel flap to connect
your current N1 stitches to your N2 stitches.*

V1D f

N1: Knit across. Then, PU & Knit 8 (11, 14) sts
along the heel flap edge.

*If you worked more heel flap rows: PU & Knit half of
the total rows you knit for the heel flap (PU 1 stitch
for every slipped stitch along the heel flap edge).*

N2: Continue in the leg stitch pattern (see page
3) across. Then, PM and PU & Knit 8 (11, 14) sts
along the other heel flap edge.

The distribution of stitches should now be:

N1: 18 (23, 28) sts.

N2: 32 (41, 50) sts.

Total: 50 (64, 78) sts.

V1D f **Atp**

N1: Knit across.

N2: Continue in the leg stitch pattern to the
marker, sm, knit to the end.

V1D f **f1-Atp** **Atp f**

N1: Knit to the last 3 sts: K2TOG, K1.

N2: Continue on in the leg stitch pattern to the
marker, sm, K1, SSK, knit to the end.

V1Atp Rounds 2 & 3 a further 0 (1, 2) times for
a total of 1 (2, 3) decrease rounds. Or until you
can match the stitch count below.

The distribution of stitches should be:

N1: 17 (21, 25) sts.

N2: 31 (39, 47) sts.

FOOT

Slip the 7 (9, 11) sts from the tip of N2 to the tip
of N1 (moving the stitches that have been
separated by the marker to N1). You can then
remove the marker.

The distribution of stitches should now be:

N1: 24 (30, 36) sts.

N2: 24 (30, 36) sts.

*From here on out you will always be knitting
across N1 and working in the leg stitch pattern
across N2 for every round. The new BOR is at
the start of N1.*

z1i; **D1** knitting in stockinette for N1 and
knitting in the leg stitch pattern (chart on page
3) for N2 (picking up where you left off) until
your foot measures 1 (1.25, 1.5)" {2.5 (3, 4) cm}
from your total foot length.
